

CONTENTS OF VOLUME 265

Effect of Chronic Nicotine Pre-Treatment on Phencyclidine (PCP) Disposition in the Rat. <i>N. L. Vadlamani, R. B. Pontani and A. L. Misra</i>	4
Probable Mechanism of Action of Methyldopa on Cholinergically Innervated Tissues. <i>V. G. Dhume, S. S. Hede and N. V. Agshikar</i>	13
Differential Effects of Adenosine on Histamine Secretion Induced by Antigen and Chemical Stimuli. <i>M. Nishibori, K. Shimamura, H. Yokoyama, K. Tsutsumi and K. Saeki</i>	17
Mechanism of 5-Hydroxytryptamine-Induced Biphasic Responses of Fowl Rectum. <i>S. K. Mishra and V. Raviprakash</i>	29
Possible Interrelationship between the Biogenic Amines Involved in the Modulation of Footshock Aggression in Rats. <i>A. Ray, K. K. Sharma, M. Alkondon and P. Sen</i>	36
Interaction between Methylxanthines and the Benzodiazepine Receptor. <i>R. L. Weir and R. E. Hruska</i>	42
Effects of Oral Phosphatidylcholine on Mouse Brain Choline and Acetylcholine. <i>E. F. Domino, B. N. Mathews, S. K. Tait and A. Ortiz</i>	49
The Influence of Paracetamol on the Anti-Inflammatory, the Anti-Pyretic and the Analgesic Activity of Indomethacin. <i>A. A. van Kolschoten, F. Hagelen, F. C. Hillen and J. van Noordwijk</i>	55
GABA-Opiates Interactions in the Activity of Analgesics. <i>V. V. Zakusov, R. U. Ostrovskaya and V. M. Bulayev</i>	61
Cardioprotective Actions of a Selective Thromboxane Synthetase Inhibitor in Acute Myocardial Ischemia. <i>S. E. Burke, D. J. Lefer and A. M. Lefer</i>	76
Electrophysiological Effects of Carocainide (770207) on Canine Ventricular Muscle and Purkinje Fibers. <i>B. Pourrias and R. Santamaria</i>	85
The Inhibitory Effect of Dopaminomimetics on Nerve Stimulation-Induced Vasoconstriction on the Cat's Carotid Artery. <i>L. György and M. Dóda</i>	96
Attenuated Development of Renal Hypertension in Essential Fatty Acid-Deficient Rats. <i>F. N. Nijkamp and W. de Jong</i>	103
Different Protective Effects of Dimercapto-Butanediol Stereoisomers in Experimental Gastric Ulceration. <i>G. A. Balint and V. Varró</i>	115
Drug CRL 40 028-Induced Inhibition of Pancreatic Secretion in Rats. <i>C. Rozé, J. Chariot and C. Vaillat</i>	119
Evidence for the Requirement of Sympathetic Activity in the PGE ₂ -Induced Lacrimal Secretion in Rabbits. <i>C. Pholpramool and V. Tangkrisanavinont</i>	128
Prejunctional Alpha-Adrenoceptor Mediated Prostaglandin Releasing Effect of Clonidine in the Isolated Perfused Rabbit Kidney. <i>Z. S. Ercan</i>	138
Acid-Base Metabolism, Intracellular pH and Water Transport by the Toad Bladder. <i>J. A. L. Arruda, G. Dytko, H. Lubansky and C. T. Burt</i>	150
Effect of the Histamine-H ₁ Antagonist Astemizole on Bronchoconstriction in the Guinea-Pig. <i>J. A. J. Schuurkes and J. M. Van Nueten</i>	164
Inhibitory Effect of Ketanserin on Ergonovine-Induced Contractions of Isolated Canine Coronary Arteries. <i>J. Van Beek, P. A. J. Janssen and J. M. Van Nueten</i>	167
Effect of Ca ²⁺ -Entry Blockade and Serotonergic Antagonism on Contractions of Hypoxic Isolated Canine Coronary Arteries. <i>J. M. Van Nueten, J. Van Beek and P. M. Vanhoutte</i>	172

Changes in Morphine Pharmacokinetics in Nervous and Peripheral Tissues Following Different Schedules of Administration. <i>J. Vetulani, M. Melzacka, A. Adamus and L. Danek</i>	180
Prenatal Ethanol Alters Development of Cardiac Ornithine Decarboxylase Response to Adrenergic Agents in Rat. I. Continuous Exposure. <i>P. V. Thadani</i>	192
The Role of a Noradrenergic System in the Antinociceptive Effects of 4-Aminopyridine in the Rat. <i>J. Rupprecht and M. R. Dzolic</i>	203
Calcium Alters Divalent Cation Modulation of Brain Benzodiazepine Receptors. <i>J. D. Hirsch and R. L. Kochman</i>	211
Alaproclate: Further Pharmacological Evidence for 5-HT Uptake Inhibition in Vivo. <i>A. Rawlów, L. Pawlowski and E. Przeglasiński</i>	219
Haemodynamic Effects of Ionophore (X-537A) in Cats. <i>K. Prasad</i>	230
Plasma Catecholamine and Cardiovascular Responses to Morphine and D-al ² -d-leu ⁵ -enkephalin in Conscious Rats. <i>E. L. Conway, M. J. Brown and C. T. Dollery</i>	244
Relaxation of Rabbit Cerebral Arteries <i>in Vitro</i> by Clonidine. Evidence of H ₂ -Receptor Mediation. <i>N. Oudart, R. Sercombe and J. Seylaz</i>	259
Mechanism of Relaxant Effects of Nicorandil on the Dog Coronary Artery. <i>S. Imai, T. Ushijima, M. Nakazawa, H. Nabata and K. Sakai</i>	274
Mechanism of the Hypotensive Action of Practolol in the Anesthetized Rat. <i>M. Davy, A. Lindenbaum, Y. Cohen and J. Wepierre</i>	283
Aminopyrine Accumulation of Isolated Parietal Cells from the Rat Stomach. Effect of Histamine and Interaction with Endogenous Inhibitors. <i>W. Schepp, H.-J. Ruoff and S. Maśliński</i>	293
Cytoprotecting-Effect of Cimetidine: Experimental Evidence in the Rat Gastric Mucosal Lesions Induced by Intragastric Administration of Necrotizing Agents. <i>F. Morón, E. Cuesta, M. Bata and Gy. Mózsik</i>	309
Relaxation and Ca-Spike Suppression in Circular and Longitudinal Muscles of Hog Bile Duct Ampulla by CCK-C-Terminal Peptides. <i>I. Kimura, M. Kimura, N. Nakayama and M. Kimura</i>	320
Contents of Volume 265	335
